

Facilitator: Magnus Andersson

Participants: Ali Alladin, Magnus Andersson, William Hugo, Elias Johansson, Pelle Evensen

Date: 2020-10-08

Mentor meeting

§1 Objectives

Our questions

§2 Discussion Items

1. Is it a good idea to reuse our class ListingAdapter to show messages for example an interface IListable that all items that are shown in our Recycle View would inherit from?
2. Enums instead of classes to hold information such as Shape? Doesn't follow Open Closed Principle. Dependency issues with board and Card in peer Review?
3. Should we comment on their user-stories and documents overall?
4. When is the project due?

§3 Outcomes

1. Better to split it up using different adapters.
2. Enums look good.
Dependencies maybe not so much.
3. Yes!
4. 23 October

Take another look at Peer Review.

§4 End of Meeting

Next mentor meeting will be 2020-10-16 16:15.
