# Meeting

## §1 Objectives

- We need to create a powerpoint slide so we can present our domain model.
- We should iterate our user stories.
- We should discuss the issue with the searchbar.

## §2 Reports

- **Ali** Changed the design of the list-items in search page, they now resemble cards.

## §3 Discussion Items

1. Do we feel that our user stories are enough to create the program that we want to create?
2. How should we structure our presentation?
3. Why is the search bar not working as intended?

## §4 Outcomes and assignments

### §4.1 Outcomes

1. Some preparation for tomorrow's seminar has been done.
2. There is still an unresolved issue with the search bar.
3. Added a new user story.

### §4.2 Assignments

- **Elias & William** will try to debug the searchbar issue.
- **Ali** will look up if using a Google account to login is possible and how?
- **Magnus** will get images to work through the database

## §5 End of Meeting

Next meeting will be 2020-09-16 10.00.
