

Facilitator: William Hugo

Participants: Ali Alladin, Magnus Andersson, William Hugo, Elias Johansson, Pelle Evensen

Date: 2020-10-02

Mentor meeting

§1 Objectives

Our questions.

§2 Discussion Items

1. XML-files in domain model?
2. Design model-description in SSD wrong? From what we have been told the design model might include things as controllers and view-classes.
3. Static dependencies?
4. Mail our repo zip to Pelle?

§3 Outcomes

1. No
2. Design model should represent the model with technical implementation.
Try to represent our res-package in the best way possible, make the problems obvious in the report in regards to our representation of them.
3. Not a dependency when .class, maybe shouldn't use them at all?
4. Can hand in through Canvas or mail, doesn't matter.

Next week a new time for the meeting is needed.

§4 End of Meeting

Next mentor meeting will be 2020-10-08 16:15
