# Mentor meeting

## §1    Objectives

Ask about our domain model for the seminar.

## §2    Discussion Items

1. Must all classes be tested (i.e view)?
2. Double dependencies caused by frameworks?
3. Is our domain model looking good?

## §3    Outcomes

User story priority should be visible in the RAD document. Need only two levels (high, low)

1. Everything public in the models should be tested at least
2. Ignore private things, include public things. Change arrows to correct form.
3. Double dependencies have to be accepted in some specific circumstances.

## §4    End of Meeting

Next mentor meeting will be 2020-09-18 16.15
